

Phi Theta Kappa Honor Society

Emelie Beckman

Submitted by Phyllisa Eisentraut

Emelie is the epitome of a Phi Theta Kappa honors student. As president of the Beta Gamma Upsilon chapter she exemplifies the society's four hallmarks of scholarship, leadership, fellowship and service: an exceptional student, studying Communication, with a 4.0 GPA; an aspirational guide and mentor to her fellow PTK leaders; a proponent of all students, not only as a member of PTK, but as a Student Ambassador and member of the ASG, where she has raised funds to help local musical education and earthquake relief efforts for Syria and Türkiye and spearheaded the establishment of a prayer and meditation room on our SBCC main campus.
